## Abacus Life Scholarship Winner Announced.

High school graduate of Pocono Mountain West High School and current undergraduate of New Jersey Institute of Technology, 18-year-old Hope De Jesus is immensely excited and honored to be this year's winner of the Abacus Life Scholarship. When not preparing for exams and finishing assignments to earn her degree in computer science, she spends her time as NJIT's jazz vibraphonist and a percussionist. She is a weekly volunteer with SoulDeevas's Junior Girl Drumline, teaching young girls how to play the drums, and frequently volunteers at her church's food pantry.
