Find financial freedom

Abacus Life is a direct buyer, which ensures that no additional fees are taken out of your Life Insurance Options. We have the fastest turnaround in the industry. When coping with a life-threatening illness, waiting months to finalize selling your insurance policy can bring unnecessary burden to you and your family. Abacus Life is proud to be one of the oldest and most well respected providers in the industry.

About Abacus

Abacus Life is a nationally licensed life insurance buyer with a corporate office in Orlando, Florida. Founded in 2004, Abacus works with life insurance brokers, professional advisors, consumers and institutional investors by optimizing the value of unwanted life insurance.

Secure a life insurance valuation as quickly as 7 days after initially contacting Abacus. We don't believe that you should have to wait the industry standard 45-60 days for life-saving treatment.

Selling your life insurance policy allows you to focus on what is most important right now...healing.

JOHN

John, a 46 year old with cancer came to us with a \$300,000 Term Life Policy. The client received a lump sum of \$201,000, 67% of his face value, and was able to immediately secure important medical care.

MARY

Mary was diagnosed with breast cancer and decided to pursue treatment centers outside of the U.S. Abacus was able to give Mary \$203,000 for her \$250,000 policy. Mary traveled out of the country to receive care directly after receiving her funds.

TERRI

Terri was diagnosed with cancer at the age of 51. Her husband had recently lost his job and they were facing serious financial issues. We were able to secure a \$50,000 payout for Terri on her \$100,000 policy; ensuring financial security.

Mission

For over 15 years, we have helped seniors pay for treatments, find value in their lapsing policies, and pay for their family's needs. Abacus proudly assists those suffering from severe illnesses, such as cancer, in finding funding in their living life insurance benefits.
